## EXPERIENCE

### Technical Illustrator

#### Ford Motor Company / Actalent Agency

May 2017 - Present

- ↳ Illustrating and delivering engine assembly manuals and engine coolant flow diagrams. As of March 2020 I have been working remotely from home. I have learned great teamwork skills through working with a close group of people.

### Website Freelance Design

#### Life Remodeled

Jan 2021 - Feb 2021

- ↳ Redesigned the homepage, Durfee page and website templates, along with a timeline and forms. These were made to reflect the company's new visual style from the sponsored project.

### Senior Sponsored Studio

#### CCS & Life Remodeled

Aug 2020 - Dec 2020

- ↳ Came in 1st place in this group project to rebrand Life Remodeled's identity. We achieved our solution through research, expressive language and popping visuals to lead the organization's new identity into the future. This was a hybrid studio where half our days were done remotely due to COVID.
